

Feb. 14 1940

Mr. Cum Posey
384- 13th Ave.
Homestead Pa.

Dear Cum Posey:

I read with a great deal of interest your column in the Feb. 17th issue of The Pittsburg Courier captioned "Poseys Points" in which I am made the target of a number of accusations by you. My first reaction was to release a statement to the press, refuting from excerpts from your own correspondence, statements that you had made therein. On the other hand my interest in the success of The Negro National League prevented me from exposing certain matters that would cast a bad reflection upon our organization and the way our business has been operated.

Possibly you are unaware of the fact that many of the things pointed out in your column, in which you seek to reflect unfavorably upon me, were approved by you in communication that I have on file. Apparently your memory has played you some cruel tricks because most of this correspondence was written in long hand and it is evident that you do not have carbon copies of the letters you sent me, and consequently you are unaware of what they contain.

I would much rather discuss these things in a league meeting than air them in public, but if you persist in your unjustifiable attacks in The Courier you leave me no other alternative.

Very Truly Yours

Will you please send me a copy of our last meeting, minutes held in Phila. Feb. 2nd. 1940.
I will pay The Eagles debt to the Homestead Grays when The Negro National League meets in Chicago.
